## **PRESS RELEASE**

### **TWO WHEELS OF SAME CART – COVID19 & NCW**

Gender-Inequality, when world is in the grip of global pandemic - COVID-19, is being pushed by several feminist organizations tooth and nail. One such organization – National Commission for Women - in India, harbinger of women's rights, sent out its press-release on twitter. If one goes through the release carefully, apart from general advisory for women portions of it are based on grapevine without any fact or based out of data especially mention of domestic violence against women in present times. It is a clear attempt by NCW to push its convoluted agenda in such unprecedented times. One wonders if virus differentiates between men and women but surely feminists of NCW have found a way to differentiate. Press-release from NCW is not worthy of point-wise rebuttal but some facts must be brought out to ensure Gender-Inequality at best remains a topic of discussion in present times and when dust settles much nuanced debate can continue.

- It is visibly clear across India and especially in Delhi sea of migrant workers being shown on news channels and from pictures floating on social media most of them are men. These men at great risk to their lives want to be with their loved ones back home in villages because there is a call from family members "Come Back, we need you".
- Men, primarily the bread earners in lower class, lower-middle class and middle class families in India, are distressed and full of anxiety, reason future of their jobs and in turn livelihood of their families and themselves is at stake.
- Men from lower strata of society like migrant workers, daily wagers, carpenters, cobblers, electricians and list goes have already lost their jobs and when dust settles may find it hard to get back on their feet.
- Several reports from international media few of them listed below indicate that COVID-19 would kill more men versus women and percentage of deceased men can be as high as seventy (70) percentage. May be Corona virus is a feminist too which has found a way to cause havoc in the lives of men as if feminist organizations were not enough.

<https://www.washingtonpost.com/climate-environment/2020/03/19/coronavirus-kills-more-men-than-women/>

Present times require messages from credible Government of India organisations to promote family values. India has a unique advantage of family support system which is talked about world over. Only through family support men and women of this country can sail through the current crisis and beat the seclusion caused by lock-down. Instead seeds of enmity continue to be sown even in present times projecting men as “Ravanas” and women as “Sitas”.

We at MWT strongly object to the half-baked press-release of NCW or any other act/release from other such organizations, if any, indicating domestic violence against women would rise in present times or anything related to Gender Inequality. We demand portions of press-release devoid of any fact be immediately withdrawn. Before ending it is imminent to reproduce some of the pictures depicting what men of India are doing in present times.

### **About Men Welfare Trust (MWT) & Save Family Foundation (SFF):**

Registered NGOs in New Delhi, Men Welfare Trust (MWT) & Save Family Foundation (SFF), work for safeguarding the interests of those Men who have been implicated in false cases because of the gross misuse of gender biased laws. MWT & SFF has been involved in several intervention petitions on issues such as Marital Rape. NGOs, which are managed by India's leading Men's Right Activists, provides free and selfless help to Men and their families who are victimised by the misuse of gender biased laws such as false IPC 498-A, rape, sexual harassment, domestic violence and other cases of similar nature. They have provided brotherhood support to lakhs of Men & families in distress who have been victims of false cases which are filed by many women to cash in and extort from a failed relationship, defame and shame the Men and settle personal scores. Members of MWT, SFF are also actively engaged in various other activities like research, documentation and publication on men's rights issues, and regularly appear on India's leading national news channels.
