Our purpose is to get men respect in society, #MenAreHumanToo, and the event shall revolve around the very purpose NGOs are founded for.

Mr. Amit Lakhani, Founder President of Men Welfare Trust said, “#Hope4Men has become most awaited event for Men’s Rights across India. Men, who are at the receiving end of the laws/society today, attend seminar, sometimes travelling even 500+ kms just to be the part of it. We always had houseful seminar and hence been moving it to bigger venues. This time as well #Hope4Men Seminar would have some innovative sessions to impart knowledge and training to the victims of misuse of laws. I do hope this time as well, like always, we would be able to address the concerns of all and instil hope in every audience”.

He further added, “It is high time that the government acknowledges that men in this country been suffering due to lack of empathy towards them and because of rampant misuse of women centric laws. We strongly urge the government to take steps towards addressing issues of men by forming a ‘**National Commission for Men**’ and abolishing all gender based laws”.

Mr. Wasif Ali, Co-Founder of Save Family Foundation, said, “It was a humble beginning for the SIF Movement when in March 2005, SIF Movement was founded by few Men’s Rights Activists from across India. Over past 16 years, the movement today has 40+ NGOs across India associated with it, a Helpline – 8882498498 - for Men and provides help and support to men victims across almost all communication channels including but not limited to social media, messengers, emails and Weekly Meetings. Today, the movement runs its weekly support meetings across 25+ location in India. Helpline - 8882498498 - for Men gets about 6000 calls every month. This itself indicates about the magnitude of problem around men’s issues. Since the government, authorities and law makers are turning a blind eye towards men’s issue, #Hope4Men Seminars are ray of hope for men”.
